Objective:

The objective of the Grievance Redressal Cell is to develop a responsive and accountable attitude among all the stakeholders in order to maintain a harmonious educational atmosphere in the institute.

Definition:

Any student who has a grievance concerning the interpretation or application infringement of his or her rights or has been discriminated against or harassed on the basis of age, color, disability, family status, gender, national origin, race, religion, veteran status, has the opportunity to seek resolution of such grievance.

Any student alleging that an act of harassment or discrimination towards his/her study or that his or her rights have been violated has the right to seek redress of his or her grievance.

The structure of the Student Grievance Cell:

Principal of the Institution	Head of the Grievance Redressal Committee	Meetings conducted Twice in a year
Number of Faculty members who are the members of the committee	3-Teaching faculty members 2-Non-teaching faculty members	

Grievance Resolution

I. Informal resolution

A student who feels he or she is a victim of harassment or discrimination or that his or her rights as a student have been violated may attempt to resolve the matter informally by bringing a complaint to the Head or the Grievance cell members.

Upon receipt of a complaint, the committee members have the following responsibilities.

- Inform the complainant of his or her formal recourse if it is necessary. Further with the permission of the complainant, to resolve the conflict informally the committee will inform the individual alleged to have caused the grievance and that the complaint has been filed against him/her; seek to find out the facts, and, if both parties desire it, arrange a meeting to try to resolve the differences.
- All individuals who are involved in an investigation- as the accused, accuser, or witness- have a duty to keep all information confidential to all extent. Persons who violate the confidentiality rights of other individuals may be subject to disciplinary action.

At all times during this procedure, the committee members must keep all information completely confidential, and the name of the complainant should not be revealed to the individual alleged to have caused the grievance except with the complainant's permission.

In addition, written records, if taken, shall be submitted to the Principal.

In the event that an attempt at informal resolution of the problem is unsuccessful, or if the complainant deems that informal resolution is undesirable, the Committee members shall assist the complainant in filing of a formal complaint.

2. Formal resolution

In the event that a student wishes to lodge a formal complaint against another member of the institute, the student will address the complaint to:

- The Principal of the institute, if the individual alleged to have caused the grievance is another student or the faculty member.

- A formal complaint shall be made in writing by the complainant, addressed to the Principal, stating in detail the nature of the complaint, any relevant dates, and the names of any potential witnesses.

The faculty members of the cell receiving the complaint shall initiate an investigation within a week to determine whether there is a reasonable basis for taking action.

The investigation shall consist of interviewing the complainant, the individual alleged to have caused the grievance, and any witnesses to the conflict.

Within 10 days, the Committee members make a report and give it to the Principal for one of three actions:

- Conclude the complaint is without merit and that no further action is warranted.
- Attempt to bring about a negotiated settlement.
- Conducting a formal grievance hearing to evaluate possible action against the individual alleged to have caused the grievance. The complainant or the individual alleged to have caused the grievance may request a formal hearing if dissatisfied with the conclusion.

Hearing of the Grievance

A Grievance Committee based on the above structure shall be convened to hear the testimony from the complainant, the individual alleged to have caused the grievance, and any relevant witnesses. The Committee shall decide whether:

- The complaint is without merit and that no further action is warranted; or
- Some remedial action is necessary.

Official Outlook

If, after the hearing, the Grievance Committee concludes that further official proceedings are necessary or if the complainant requests further proceedings despite the recommendations, the existing grievance and disciplinary procedures shall be used when determined by the Principal to be appropriate.

The Committee may further:

- Pursue a negotiated or mediated settlement between the parties;
- Require that the students in question attend joint counseling or that the student whose conduct was complained of attend individual counseling with the mentor;
- Recommend forums for the discussion of issues of diversity and sensitivity to people of different backgrounds and characteristics in addition to written and/or oral condemnation of the discriminatory or harassing speech; and/or
- Require the student whose conduct is complained of to attend college-sponsored seminars or programs on problems of harassment or discrimination. All other aspects of the grievance procedure not specifically mentioned in this policy shall be carried out in accordance with established policy.

Penalties

In case of any formal proceedings, against either a student accused of violating the Student Discipline Code or an employee brought before a Grievance Committee proceeding, the standard penalties specified in the policies manual shall be enforced. The Principal may also, either in lieu of or in addition to other sanctions, require an individual found to have caused a grievance involving discrimination or harassment to attend a Institute - sponsored seminar/program on the problems of harassment and discrimination.

Maintaining of Record

All proceedings and records shall be confidential. Memoranda describing a reprimand will be placed into the files of any student in the event disciplinary action is taken against one of the parties and the disciplinary action is upheld. No student shall be subjected to any retaliation or involuntary reassignment as a result of filing a good faith grievance for harassment and discrimination.

At the request of the individual alleged to have caused the grievance, a memorandum recognizing a finding of no harassment or non-discrimination shall be placed into the file of the student.

Anti-Ragging Policy

Ragging is a punishable offence under law. The college follows the policy of zero tolerance towards ragging. It is totally prohibited in the college. Strict action shall be initiated against those students who indulge in ragging. The college has an Anti-ragging/Disciplinary/Sexual harassment committee which looks after the complaints of ragging. Mechanism for submission of Online/Offline student grievances

There is a proper mechanism for submission of student grievances at Dogra Law College. We have a complaint box installed within the college campus. Any student having grievance can drop his complaint written on a piece of paper in the complaint box. The complaint box is checked by the committee members at the end of every week.

(Photo of Complaint Box)

D L C
SUGGESTION
BOX

1. Mechanism of Dogra Law College for submission of Offline student grievances

Objectives:

The objective of the Grievance /Cell is to develop a responsive and accountable attitude among all the stakeholders in order to maintain a harmonious educational atmosphere in the institute. A Grievance Redressal Cell should be constituted for the redressal of the problems reported by the students/staff of the Institute with the following objectives:

- Upholding the dignity of the Institute by ensuring strife free atmosphere in the institute through promoting cordial relationship among students, staff members and inter-relationship between students and staff.
- Encouraging the Students/Staff to express their grievances/problems freely and frankly, without any fear of being victimized.
- Advising Students/Staff of the Institute to respect the right and dignity of one another and show utmost restraint and patience whenever any occasion of rift arises.
- Advising all staff to be affectionate to the Students and not behave in a vindictive manner towards any of them for any reason.

Functions:

- The cases will be attended promptly on receipt of written/oral grievances from the students/staff directly or indirectly.
- The Cell formally will review all cases and will prepare statistical reports about the number of cases received.
- The cell will give report to the authority about the cases attended to and the number of pending cases, if any, which require direction and guidance from the higher authorities.

The students and staff are the main stakeholders in any institution imparting education, and it's our endeavor to make all efforts to ensure transparency in all the activities at different stages. Taking this spirit into consideration the institute has decided to provide mechanism to students for redressal of their grievances. The Grievances may broadly include the following:

- Academic Matters: Related to timely issue of Duplicate marksheets, Transfer Certificates, Conduct Certificates, or other examination related matters, classroom activities, guest lectures, placement, and training programs.
- Financial Matters: Related to dues and payments for various items from library, hostel, transport etc.
- Other Matters: Related to certain misgivings about conditions of sanitation, preparation of food (canteen and hostels), availability of transport, victimization by teachers etc.

The Dogra Law College has offline grievance redressal mechanism, where students can submit their grievances to the grievance and redressal cell. Students also can raise their complaints by putting the suggestion slips in the suggestion boxes installed in the college campus. The College also has an Internal Complaints Committee through which students are allowed to submit their complaints through offline mode. The

college has a Grievance redressal committee which is competent enough to handle the grievances and redress them as per their requirements. The students are encouraged to come with the suggestions and write their grievances if any without hesitation and even discuss their grievances directly. The suggestion box is opened weekly by the principal in presence of the members of the grievance redressal committee and is looked into. The grievances recorded, addressed and plan of action is prepared and implemented, a follow up plan is prepared to check the extent to which the grievance has been redressed. At the end, it is made sure that the complaints are not repeated again.

The Convener grievance & redressal cell shall send its report with recommendations, if any, to the head of the Institution, along with a copy thereof to the aggrieved student, within a period of 5-10 working days from the date of receipt of the grievance. The grievances communicated by the students verbally are also redressed in the minimum time frame (depending upon the nature of the complaint).

2. Timely redressal of the grievances through appropriate committee
