CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

As our institution is affiliated to University of Jammu. It is mandatory for us to follow curriculum development as prescribed by the said University. Curriculum provides a framework for the college. So, our academic calendar is based on the time frame provided by the University. Our Time-Table Committee formulates, finalizes and communicates the time- table of the institution to the faculty much prior to the commencement of the academic year. Because the activities to be carried out throughout the academic year. This enables the faculty members to plan their teaching schedule with greater flexibility and well in advance .During the year, the Heads of different committees conduct regular meetings to ensure smooth functioning of the college. All the staff members are encouraged to attend the seminars presented by the fellow staff members to brush up yourself. The faculty members are expected to undertake a thorough analysis of the prescribed syllabus and draw up a teaching plan to match the learning capacities of the students. There is a flexibility in the schedule and academic plan of the institution with ample scope for innovation and inclusion of need based activities i.e providing varied learning situations both at the institution level as well as on the field. Teaching practice is carried on under simulated conditions for third and fourth semester . It helps the students to develop their communication skills. In addition, they have to plan their lessons which help them to develop their writing skills. The students are also given opportunity to contribute articles/ writings etc. for the college magazine to help them to further develop their writing skills. At the commencement of each academic year, every faculty member provides the students with individual time plans and reading list for each course which are displayed in the syllabus copy provided to the students. These time plans are also preserved each year as documentation. The theoretical framework of the given curriculum in practical terms is provided through value - oriented education and community service programmes for inculcating ethical, social and aesthetic values. To serve all the things like seminars, workshops, extension lectures, orientation programmes, morning assembly, celebration of significant days, quiz competition and other techniques of higher learning are executed in the institution. Our college utilizes potential of available human and material resources through innovative techniques like team - teaching, cooperative teaching, project method, peer teaching, ICT based teaching, enquiry based instruction and blended teaching with the help of well- equipped classrooms, labs and playgrounds etc. The faculty members deliver their lectures using various teaching-learning methods, keeping in mind their teaching plan. At the commencement of each semester during discussion of syllabi with the students

faculty encourages them to download the same from the University website to ensure transparency. The teacher incharge of each course regularly monitors the progress of the teaching programme using the digital formats and the institution plans to make the entire documentation process paperless soon. The online students feedback form has a provision for the assessment of the faculty.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?

(maximum 500 words)

Feedback Obtained

The growth of any educational body rests on a well-structured organic feedback mechanism which in term depends upon 'holistic planning 'with distinct macro goals. The ultimate goal of the feedback strategy is to enhance the 'content value 'of the education system by providing teachers and students timely and appropriate information, thus equipping them to make effective decisions within a short period of time. Teachers can provide the suggestions to the students for development learning strategies and corrections for errors through feedback. The importance of constructive feedback is that it allows for many positive opportunities. This component also enhances a student's self efficiency and provides an avenue for motivation. Faculty meetings on a periodic basis are held for the same suitable suggestions are provided and implemented by the concerned teacher for productive outcomes. The alumni's feedback is very helpful in restructuring the curriculum as the alumni usually answer the question in regard to the materials learned in the college this is a good practice and a very important assessment tool. We, at Dogra College Of Education firmly believe that alumni survey can be designed to obtain information to establish the identity and focus on curriculum. Thus, Our institution organizes alumni meeting every year to tap this useful resource. Most importantly, we believe that alumni perceptions can be utilized for prioritizing certain topics. We use effective channels of communication and getting parents involved in decisions.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The process of mentoring is an individualized form of counseling and guidance activities. It addresses the needs of the students to have a friend, a counselor a confidant on the campus. The practice is aimed at fostering a better rapport between the students and the teachers at a personal level. Effective monitoring begins with the faculty and depends upon the healthy relationship between faculty and students. A group of 15-20 students is assigned to each staff member (Guardian Teacher) for collecting personal information from the ward without touching sensitive issues or forcing and information out of the wards then provides the needed counseling to the wards. Critical issues are brought in the notice of the Head of the Department. The teacher meets the wards informally outside class hours as well guides them regarding their career options. A Guardian teacher documented record of the mentoring process is maintained by the mentor teacher the Head of the Department for reference purposes. And group of 20-25 teacher trainees is assigned to the each staff member who are attached for the entire teaching practice, field visits and writing of reflecting journal. The group incharge understands the teacher trainee behavioral emotional problem the socio economic conditions there involvement in curricular, co-curricular activity. On the other side students with low marks are indentifying and suggestions are given to them individually for their improvement. Mentoring of students thus, is an essential feature to render equitable service to the entire student having varied background. Student-mentorship has the following aim:- (a) To enhance a teacher – student contact hours. (b) To enhance students academic performance attendance. (c) To minimize student dropout rates. (d) To identify understand the status of slow learner encourage advanced learners. (e) To render equitable service to student. As per the NCTE Regulations, the college strongly believes that Microteaching is a strong base to develop and strengthen the teaching competence of the entrants in the teaching profession i.e. the student teachers. The college follows a comprehensive mechanism of feedback which involves communicating of assignment/ evaluation outcomes and strategizing for improving the performance of students based on the same. As per University guidelines the Internal Assessment marks are not revealed to the students. However, the faculty guides students on how to improve their performance, and gives constructive feedback. The assessment outcomes of every activity is scrutinized during regular staff meetings with an objective to improve/modify the curriculum transaction such as integration of even more innovative and participatory learning strategies, blended learning, use of social media. The new strategies implemented are then reviewed for its effectiveness in the subsequent staff meetings. Prepare for these examinations accordingly. A copy of the college calendar is displayed in the college staffroom to enable all staff members to plan for activities. This academic calendar also enumerates academic programmes and activities for quality enhancement to be held in the college. The college conducts twice the number of class tests. 1) Practical Examination (Viva-Voce): Evaluation of Practical Examination is done based on different parameters like school visits, Internships, sessional work, (related to different course code, project work. 2) Result Analysis: Result analysis is done by the subject teacher.
